President's Report

This year's report takes the form of Frequently Asked Questions (FAQs). While the format has changed, our commitment and passion for what we do has not, neither has my personal gratitude to my predecessor, Ben Frankel, my fellow officers and trustees and our talented and dedicated staff. I am also grateful to our donors and approved charities who through word-of-mouth spread word of PEF's unique role in Israel philanthropy.

Geoffrey Stern
President

WHO IS PEF?

The P.E.F. was established in 1922 by Justice Brandeis, Rabbi Stephen Wise, Robert Szold and a group of distinguished Americans. It was established as Palestine Endowment Funds, Inc. After the founding of the State of Israel its name was changed. No officer or trustee receives compensation or reimbursement for travel to or expenses in Israel, and no fund-raising organization is maintained.

P.E.F. Israel Endowment Funds, Inc. is a registered United States 501 (c) (3) charity. We are a fully tax exempt organization. We accept contributions with or without recommendations for specific institutions or purposes in Israel.

PEF provides a means for individuals, foundations and charitable institutions to recommend grants to approved Israeli charities at no expense to the donor. Since our inception we have contributed over \$1 billion to registered charities in Israel.

HOW DO I MAKE A CONTRIBUTION?

A donor wishing to make a contribution to an approved charity should send us a check payable to "PEF Israel Endowment Funds, Inc." and note in the memo portion of the check or include a separate note with recommendation(s) for the use of the funds if applicable. The donor should provide their name and mailing address so that their contribution can be acknowledged. The minimum contribution accepted is \$25. Please

note that the donor must give us a RECOMMENDATION for the use of the funds, not a directive or an order, otherwise we will be unable to accept the contribution and we will return the check to the donor.

Please make sure that your check is made payable to “PEF Israel Endowment Funds, Inc.” You may not include any other words (such as the name of the charity) on the payee line or else our bank will not accept it and we will have to return the check.

HOW LONG DOES IT TAKE A GRANT TO BE PROCESSED?

It takes about 21 business days from the date a contribution check is received and deposited for the money to become available for a grant. Once the money has cleared it is included in our next batch of grants which is then proofread, signed and mailed to Israel. As a rule we do not send grants via wire transfer.

In order to keep our overhead low and minimize bank fees in Israel, we wait until a charity has accumulated at least \$500 in contributions before we issue a grant. We do not inform each recipient charitable organization of an impending grant. Donors may contact us directly to inquire about a contribution if they have not received an acknowledgment.

WHAT PERCENTAGE OF A DONOR ADVISED CONTRIBUTION REACHES THE INTENDED RECIPIENT ORGANIZATION?

100% of contributions received are transferred to the approved charity. PEF does not charge a processing fee and transfers the US dollar amount received directly to the charity. Certain currency conversion and processing fees may be charged by the charity’s Israeli bank beyond the control of PEF.

DOES PEF ACCEPT NON-CASH CONTRIBUTIONS?

PEF accepts cash, cash equivalents and marketable securities. If you wish to make a contribution of stocks or Israel bonds, you should request instructions for making charitable gifts of securities from our staff. In general we do not accept gifts of real estate or works of art.

WHAT IS PEF'S CHARITY APPROVAL PROCESS AND DOES IT FULFILL THE REQUIREMENTS OF AN EQUIVALENCY DETERMINATION?

All of the organizations that we fund must first be recognized by The State of Israel as a charitable organization (Amutah). In a separate application to become and to remain approved by PEF, the organization must provide current copies of their Certificate of Amutah, Articles of Association, Section 46 – Public Entity for the Purpose of Donations, Certificate of Financial Accountability, Current Financial Statement and a report in English describing the organization's activities. Our trustees and friends of PEF are enlisted on a regular basis to make site-visits and to review the activities of our approved organizations.

Equivalency determination (ED) is a process by which a U.S. grant maker evaluates whether an intended foreign grantee is the equivalent of a U.S. public charity. PEF's approval process is intended to fulfill the requirements of an ED.

HOW DO DONORS SELECT AN APPROPRIATE ISRAELI CHARITY TO RECOMMEND?

A selected list of the 1,300+ approved charities appears in our Annual Report, which is available online and by mail upon request. Approved charities are continually being added and removed so if a charity is not on the list or if the donor wants to insure that the charity is current, the donor should contact the PEF office.

At PEF we pride ourselves in our depth of knowledge and first-hand impressions regarding the activities and efficacy of Israeli charities in all areas of interest to the donor. Donors looking for suggestions or feedback regarding the choice of charity to recommend are always welcome to contact our office.

DOES PEF COMPLY WITH RELEVANT PROVISIONS OF THE PATRIOT ACT AND ANTI-TERRORIST LIST REVIEW PROCESS?

PEF follows all recommended best practices from both the IRS and Treasury and in accordance with the Patriot Act to insure that grants made to Israeli charitable organizations are not used to support or fund terrorism.

DOES PEF HAVE A STANDARD OR SAMPLE GRANT AGREEMENT?

PEF does not offer a standard grant agreement nor do we provide legal or accounting advice and donors should consult with their own lawyers and accountants regarding Grant Agreements and setting up Trusts and Estates. However, we are always happy to provide suggestions and guidelines to either the donor or their professional advisors.

DO I NEED TO HAVE AN ENDOWMENT FUND AT PEF IN ORDER TO MAKE A CONTRIBUTION?

No. PEF accepts contributions as small as \$25 from any donor with a recommendation for an approved charity.

WHAT ARE THE REQUIREMENTS AND ADVANTAGES OF HAVING AN ENDOWMENT FUND?

We currently have 88 endowment funds set up with a minimum contribution of \$100,000. Together with our general fund, these funds account for \$110 million in funds under our management. An annual fee (3/4 of 1%) is deducted from our funds to cover our modest (less than 2% of grants) overhead.

A gift to an endowment fund provides an immediate tax deduction and assures that the funds will ultimately be donated to approved charities in Israel. Donors may authorize family members and/or trustees to provide PEF with recommendations and the funds are invested in accordance with our investment strategy and the oversight of our Investment Committee.

HOW ARE DONOR ADVISED FUNDS MANAGED?

To satisfy its long-term rate-of-return, PEF relies on a total-return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). PEF targets a diversified asset allocation within prudent risk constraints.

Endowments assets are invested in a manner that is intended to produce results that meet or exceed the five-year consumer price index. Actual returns in any given year may vary from this amount.

WHAT PERCENTAGE OF MY CONTRIBUTION IS ALLOCATED FOR OVERHEAD?

100% of all recommended contributions received are transferred to charities in Israel without any deduction for PEF overhead. Our modest

overhead (less than 2% of grants) is covered from an annual fee charged to our donor endowment funds.

HOW DOES AN ISRAELI CHARITY APPLY FOR A GRANT FROM PEF?

There is no form to fill out. An amutah may submit a brief but detailed proposal to the Trustees for their consideration. However, the great majority of requests are not fulfilled. Please do not call to follow up on the status of an application since our staff will not have that information. There will be no reply if you are not awarded a grant. You will be contacted if you receive a grant, but again, very few requests are granted.

We also recommend that you make sure that you are currently registered and in good standing before submitting a proposal. If you are interested in registering with PEF, please contact Larisa Vainberg at: documents@pefisrael.org

WHY \$25 MINIMUM?

PEF operates with minimal staff and very low overhead in order that we may make contributions to a maximum number of Israeli charities and without taking any deductions from the contributions we receive. Accepting contributions of less than \$25 is too costly.

CAN WE SEND YOUR RECOMMENDED GRANT VIA WIRE TRANSFER?

As a rule, we do not send grants via wire transfer as wire grants require individual attention, extra processing time and a large additional fee from our bank.

DOES PEF ACCEPT CREDIT CARDS?

PEF is committed to transferring 100% of a donor's contribution to the recommended charity and to keeping our overhead to a minimum. Banks charge a credit card processing fee we are unwilling to absorb and hosting a fully functional e-commerce site would entail engaging in retail philanthropy. Fortunately, there are web sites which do accept credit card donations to many Israeli charities.

WHY IS PEF NOT RATED OR NEGATIVELY RATED BY CHARITY NAVIGATOR AND OTHER CHARITY RATING ORGANIZATIONS?

PEF is a unique charitable organization and is not easily categorized. Charity rating services focus exclusively on public charities that provide a charitable service and also use fundraising to finance their activities. Private foundations that do not fundraise are not typically evaluated since they are of no interest to users of charity rating services (i.e. consumers). PEF is that strange specimen that is financed wholly by outside contributions, but does no fundraising! As we were informed by a Senior Program Analyst at Charity Navigator: “We exclude charities that report \$0 in fundraising expenses, as we are interested only in charities that actively solicit donations from the general public. PEF Israel Endowment Funds reports \$0 in fundraising expenses, and therefore operates differently than those organizations that are listed on our website.”

WHY ARE PEF’S EXPENSES MORE THAN ITS REVENUE?

Total expenses reported in our financial statement include grants paid as well as overhead. Expenses should not be confused with overhead (General and Administrative Expenses). PEF’s overhead is actually less than 2% of grants. There are many years when our endowment fund holders recommend grants that exceed the growth of their endowment and this is why there are years that our total expenses, including grants, are greater than our revenue. This focus on dispersing rather than growing an endowment fund is not the case for many endowment funds as was highlighted in a recent NY Times op-ed: *Tax Write-Off Now, Charity Later*. While we are not averse to growing our endowment base, and welcome new endowment funds, our preference for our existing endowments is distribution of funds to those in need in Israel.
