President's Report

Founded in 1922 by Justice Louis Brandeis, Rabbi Stephen Wise, Robert Szold and a group of distinguished Americans, PEF turns 90 this year and remains unique in the field of Israel philanthropy.

In this past year we transferred over \$70 million in grants to Israeli charities and in the process provided an invaluable service to both donors and recipient organizations. It's regrettable that we are not better known; in fact I have been told that PEF is Israel Philanthropy's best kept secret. Be assured this is not by design. There is nothing clandestine or secretive about what we do, we just don't spend a lot of time or money on promotion.

If you are reading this letter, you most likely have used our services and learned about us from one of our approved charities or from a fellow Israel philanthropist. Word-of-mouth referrals have always been our primary source of growth in donor base.

In the past year we have updated our website so that for the first time our donors can search for an Israeli charity by name or category. The website is updated regularly, so if a charity appears in a search it means that it is current and complies with all our requirements. Each of our approved charities now has its own PEF web page so that donors can prepare recommended grants more easily. Donors can also post comments about charities they support or visit and our charities can now post updates and grant requests. Most importantly, it has never been easier to share information about PEF and PEF approved charities.

In the past 90 years, PEF donors have contributed over \$1 billion dollars to charities in Israel without a solicitation call, direct mailing, blast e-mail or benefit dinner. For the most-part, our donors are already committed to supporting charities in Israel and understand the importance of philanthropy. The primary focus of our valued staff and my fellow volunteer trustees is to get recommended grants into the hands of approved Israeli charities without fees, deductions or delay.

The purpose of this letter and our web site is to increase the chances that any philanthropist wishing to provide funds directly to Israeli charities knows our name and address. At our web site you will also find previous annual reports, our tax returns, financial statements and Frequently Asked Questions (FAQs) that cover every aspect of what we do, how we work and our history.

www.pefisrael.org

I offer my thanks to our donors, our charities, our staff and my fellow trustees for enabling us to carry on our critical work and for spreading the word.
